

**SOLID**

Solid nasce da un'idea di Karim Rashid e Vesta, uniti da una comune visione della contemporaneità e del concetto dell'abitare. Insieme hanno dato vita a un progetto di illuminazione innovativo, con un alto contenuto di design, che ha l'ambizione di incarnare la moderna "way of life".

Le lampade Solid sono in cristallo acrilico piegato, incise con marcatura laser in 2 varianti, Flots e Tits & Butts.

Il modello Medium è anche in versione RGB, una tecnologia led multicolore, che consente di selezionare via remoto la cromia della lampada.
